

DEFENSE COMMUNITY INFRASTRUCTURE PROJECT

REQUEST: Fully fund DCIP at the level of \$100M for FY24.

Our military relies on a complex network of roads, buildings, facilities, utilities and land—on and off-base—to provide the critical training and power projection platforms needed to protect our nation.

Authorized under Public Law 115-232 Section 2861, the Defense Community Infrastructure Program (DCIP) allows DOD to work with state and local governments by providing a matching grant to address the critical off-base infrastructure needs that have a direct impact on the military value and resilience of our installations.

During FY20-FY23, Congress has appropriated increased amounts each year. The program has grown from \$50 million in FY20 to \$100 million in FY23. We want to continue to see the appropriated amount equal to the FY23 authorization level of \$100 million. Even at this reduced funding level, DOD received an additional \$213 million in matching funds from defense communities.

A total of 48 grants were awarded to communities from across the country for a broad range of infrastructure projects ranging from airport runway improvements, shoreline erosion protection and groundwater and wastewater system upgrades to youth STEM education centers, fitness and recreation complexes, emergency response stations and early childcare development centers.

These 48 projects demonstrate how effective this program can be, and the demand far exceeds the current funding. During the past two years, nearly 400 communities submitted project proposals, which would have provided DOD with an additional \$2.5 billion in matching funds. By funding this program to the fully authorized amount, DOD can address more of the critical infrastructure challenges it faces and leverage community investments.

FISCAL YEAR 2021 & 2022 DCIP GRANT AWARDEES

Dyess Air Force Base, TX

▶ STEM Complex

\$959,831 to the Abilene Independent School District, Abilene, Texas, to undertake a \$1,919,662 project to provide a Science, Technology, Engineering and Mathematics (STEM) classroom and laboratory to support military families at Dyess Air Force Base.

Eglin Air Force Base, FL

▶ New Fire Station

\$3,493,130 to Walton County, Florida in support of Eglin Air Force Base to undertake a \$4,493,130 project to construct a new fire station to enable wildland firefighting and faster deployment of emergency medical services.

Ellsworth Air Force Base, SD

▶ Recreation and Wellness Center

\$6,312,950 to the South Dakota Ellsworth Development Authority, Ellsworth, South Dakota, to undertake a \$12,625,900 project to construct an indoor recreation facility and wellness center to support the military families at Ellsworth Air Force Base.

Fort Polk, LA

▶ Airport Facility Upgrades

\$2,095,100 to the England Economic and Industrial Development District, Louisiana in support of Fort Polk to undertake a \$2,993,000 project to construct a new wash rack at the Alexandria International Airport, Fort Polk's Joint Readiness Training Center aerial point of debarkation, ensuring safer and more rapid transport of vehicles following training rotations.

Fort Devens Reserve Forces

Training Area, MA

▶ Joint Emergency Response Center

\$4,653,757 to the Massachusetts Development Finance Agency in support of Fort Devens Reserve Forces Training Area to undertake a \$15,512,524 project to construct a new fire station to enable relocation from current inadequate space and to co-locate a regional emergency dispatch center and community police department.

Fort Riley, KS

▶ Runway Reconstruction for Manhattan Regional Airport

\$5,925,150 to the City of Manhattan, Kansas to undertake a \$6,729,187 project to reconstruct a runway at Manhattan Regional Airport for Fort Riley, Kansas. The project will support military use of the local civilian aviation facility.

Fort Irwin National Training Center, CA

▶ Silver Valley USD Sports Complex

\$521,695 to the Silver Valley Unified School District, Barstow, California, to undertake a project to enhance the Silver Valley Unified School District Sports Complex to support military families at the Fort Irwin National Training Center.

Fort Wainwright - Black Rapids

Training Site, AK

▶ Electric Transmission Line Extension

\$12,752,540 to the Alaska Energy Authority in support of Fort Wainwright to undertake a \$13,024,868 project to construct a 34-mile extension of electric transmission lines to the remote Black Rapids Training Site, where diesel generators presently provide the sole source of electrical power.

Fort Leonard Wood, MO

▶ Early Childhood Center

\$677,238 to the Waynesville R-VI School District, Waynesville, Missouri, to undertake a \$1,354,475 project to enhance the Early Childhood Center to support military families at Fort Leonard Wood.

Hanscom Air Force Base, MA

▶ Cyber Security Operations Center

\$1,278,280 to the University of Massachusetts, Lowell in support of Hanscom Air Force Base to construct a new cyber operations center with a sensitive compartmented information facility to support the region during critical incidents.

Joint Base Anacostia-Bolling, DC

- ▶ Learn D.C. Charter School

\$1,494,216 to the Lawndale Educational and Regional Network, Washington, D.C. to undertake a \$2,988,432 project to improve access to a pre-kindergarten-to-8th-grade charter school to support military families at Joint Base Anacostia-Bolling.

Joint Forces on Guam, GU

- ▶ Multipurpose Recreation and Emergency Center

\$3,506,426 to the municipality of Chalan Pago-Ordot, Guam to undertake a \$6,506,426 project to construct a Multipurpose Recreation and Emergency Center to support military families on Guam.

Joint Base Elmendorf-Richardson, AK

- ▶ Energy Resilience Infrastructure

\$5,300,000 to the municipality of Anchorage, Alaska in support of Joint Base Elmendorf-Richardson to undertake a \$7,600,000 project to construct a new Port of Alaska microgrid, battery energy storage and electrical infrastructure to provide energy resilience for the region.

Joint Region Marianas, MP

- ▶ Infrastructure Upgrades

\$335,000 to the Commonwealth Bureau of Military Affairs, Tinian, Commonwealth of Northern Marianas Islands to enhance utility infrastructure in support of life, health and safety for service members rotating on/off the island of Tinian from Joint Region Marianas.

Joint Base Langley-Eustis, VA

- ▶ Joint-Use Firing Range

\$7,670,000 to the City of Hampton, Virginia in support of Joint Base Langley-Eustis to undertake a \$10,960,000 project to construct a new joint-use firing range to replace two deficient and poorly located existing ranges.

Malmstrom Air Force Base, MT

- ▶ Aim High – Big Sky Recreation Center

\$10,000,000 to the city of Great Falls, Montana, to undertake a \$20,000,266 project to construct the Aim High – Big Sky Recreation Center to support the military families at Malmstrom Air Force Base.

Joint Expeditionary Base Little

Creek-Fort Story, VA

- ▶ Shoreline and Infrastructure Protection Measures

\$650,000 to Carteret County, North Carolina to undertake a \$1,950,000 project to implement shoreline & infrastructure protection measures on Radio Island. The project supports Joint Expeditionary Base Little Creek-Fort Story, Virginia and will include restoration of a beach and dune system to mitigate erosion problems.

March Air Reserve Base, CA

- ▶ Groundwater Resiliency Connection

\$4,329,268 to the Western Municipal Water District to undertake a \$12,457,527 project to build a local groundwater resiliency connection to support March Air Reserve Base.

Marine Corps Base Camp Lejeune, NC

▶ Airport Runway Upgrades

\$2,000,000 to Onslow County, North Carolina in support of Marine Corps Base Camp Lejeune to undertake a \$11,420,073 project to rehabilitate the runway at the Albert J. Ellis Airport, restoring its surface and the original load-bearing capacity, benefiting all travel to and from Marine Corps Base Camp Lejeune, Marine Corps Air Station New River and Marine Corps Air Station Cherry Point.

Marine Corps Base Camp Pendleton, CA

▶ Fire Station to Support Emergency Response

\$3,500,000 to the city of Oceanside, California to undertake an \$18,601,703 project to construct a new fire station to support emergency response resources provided to Marine Corps Base Camp Pendleton.

Marine Corps Base Quantico, VA

▶ Fitness Challenge Course and Accessibility Improvements

\$250,000 to the County of Prince William, Virginia to undertake a \$500,000 project to enhance a warrior challenge course with accessibility improvements to support the military families at Marine Corps Base Quantico.

Military Ocean Terminal, Sunny Point, NC

▶ Flood Mitigation Infrastructure Restoration

\$14,900,000 to the city of Boiling Springs Lakes, North Carolina in support of Military Ocean Terminal Sunny Point to undertake a \$51,845,000 project to restore four dams damaged in 2018 by Hurricane Florence, reestablishing the safety and security of the dams, and mitigating flood risks to Army operations.

Minot Air Force Base, ND

▶ Highway Safety Upgrades

\$2,850,000 to the North Dakota Department of Transportation in support of Minot Air Force Base to undertake a \$5,700,000 project to construct new highway culvert improvements on U.S.-2 and U.S.-52 to reduce washouts and allow for safer operations at the installation.

Mountain Home Air Force Base, ID

▶ Drinking Water Infrastructure

\$4,495,000 to the city of Mountain Home, Idaho in support of Mountain Home Air Force Base to undertake a \$6,495,000 project to construct new drinking water wells and associated infrastructure to support the development of additional housing and support infrastructure near the installation for personnel.

Naval Air Station Joint Reserve Base Fort Worth, TX

▶ Stormwater Infrastructure Upgrades

\$1,266,555 to the city of White Settlement, Texas in support of Naval Air Station Joint Reserve Base Fort Worth to undertake a \$1,809,365 project to construct new drainage improvements to prevent flooding in existing residential areas, protecting the nearby naval installation as well as an adjacent Texas National Guard facility and industrial properties.

Naval Air Station Patuxent River, MD

▶ Pedestrian Access Project

\$395,118 to St. Mary's County, Maryland to undertake a \$564,454 project to improve pedestrian access across Route 235 to installation gates, supporting Naval Air Station Patuxent River.

Naval Air Station Pensacola, FL

▶ Construction of Offshore Reef Breakwaters and Beach Habitat

\$6,440,985 to Escambia County, Florida to undertake an \$9,201,408 project to construct emergent and submerged offshore reef breakwaters and 20 acres of sandy beach habitat in support of Naval Air Station Pensacola.

Naval Air Station Whiting Field, FL

▶ Wastewater Treatment Capacity

\$3,000,000 to the City of Milton, Florida to undertake a \$4,371,500 project to increase wastewater treatment capacity in support of Naval Air Station Whiting Field.

Naval Base Kitsap, WA

▶ Sewer Replacement Project

\$10,000,000 to the Kitsap County Sewer Utility to undertake a \$20,300,000 sewer main replacement in support of Naval Base Kitsap (Bangor & Keyport).

Naval Base Ventura County, CA

▶ Water Treatment Facility

\$4,230,133 to the United Water Conservation District to undertake a \$12,429,191 project to construct a treatment facility for three existing lower aquifer system wells in support of Naval Base Ventura County.

Naval Station Everett, WA

▶ Marina Facilities Support

\$5,254,800 to the Port of Everett, Washington to undertake an \$8,758,000 project to support the Port of Everett's marina facilities in support of Naval Station Everett.

Naval Station Mayport, FL

▶ Water Utility Infrastructure Upgrades

\$596,470 to the city of Atlantic Beach, Florida in support of Naval Station Mayport to undertake a \$852,100 project to construct a new 12-inch water main to improve capacity and pressure for consumers directly adjacent to the installation and enable a future connection to the installation, providing water supply redundancy.

Naval Support Activity Hampton Roads –

Naval Medical Center Portsmouth, VA

▶ Transportation Improvements

\$250,000 to the city of Portsmouth, Virginia to undertake a \$640,000 in transportation improvements to Naval Support Activity Hampton Road's Naval Medical Center Portsmouth.

Naval Weapons Station Yorktown, VA

▶ Harwood's Mill Reservoir Dam Upgrades

\$6,284,379 to the City of Newport News, Virginia in support of Naval Weapons Station Yorktown to undertake a \$14,953,676 project to construct new improvements to the Harwood's Mill Reservoir Dam to increase flood protection and ensure a reliable water supply to installations.

Philadelphia Navy Yard Annex, PA

▶ **Fiber-Optic Network Extension**

\$1,042,609 to the Philadelphia Authority for Industrial Development, Pennsylvania in support of the Philadelphia Navy Yard Annex to undertake a \$1,489,441 project to complete an east-west connection for the Philadelphia Navy Yard's fiber-optic network, enabling secure, direct control, and monitoring of each electric grid substation and other security enhancements at the installation.

West Virginia Army National Guard, WV

▶ **Physical Security Infrastructure and Joint Use Training Center**

\$400,000 to the West Virginia Military Authority in support of the West Virginia Army National Guard for the construction of new physical security infrastructure at the Rock Branch Warehouse, a joint-use facility that supports the National Guard, the United States Navy and several state agencies.

Pohakuloa Training Area, HI

▶ **Firefighting and Conservation Facilities**

\$2,485,308 to the State of Hawaii Department of Land and Natural Resources in support of Pohakuloa Training Area to undertake a \$2,485,308 project to construct a new firefighting and conservation warehouse to improve wildfire response and enable maintenance and repair of firefighting vehicles.

Wright-Patterson Air Force Base, OH

▶ **Support to the National Advanced Air Mobility Center of Excellence**

\$6,000,000 to the city of Springfield, Ohio to undertake an \$8,019,535 project to support the National Advanced Air Mobility Center of Excellence at Springfield-Beckley Municipal Airport. The facility will be used by the Air Force Research Laboratory and Wright-Patterson Air Force Base.

Vance Air Force Base, OK

▶ **Airport Facility and Infrastructure Upgrades**

\$2,847,000 to the city of Enid, Oklahoma in support of Vance Air Force Base to undertake a \$6,184,375 project to construct new upgrades to Woodring Airport to expand operational capabilities, improve aircraft fueling and maintenance, and handle increased student load for the undergraduate pilot training mission.

Yuma Proving Ground, AZ

▶ **Highway and Road Transportation Upgrades**

\$13,286,100 to the Arizona Department of Transportation in support of Yuma Proving Ground to undertake a \$29,083,000 project to construct new improvements along U.S. Route 95 and the Wellton-Mohawk Irrigation Canal Bridge to provide safer and more reliable transport of personnel and equipment to and from the installation.
